ANNEX A - PROCUREMENT

1. INTRODUCTION

This guidance is intended to provide information to potential applicants to the Leicester and Leicestershire Digital Growth Programme (DGP) Grant Scheme.

Grants are available between **£2,000 and £25,000, however, higher project values will also be considered** (excluding VAT). The Scheme provides **35%** grant support and you are required to evidence **65% match funding** from your own resources prior to the award of grant.

Managed by East Midlands Chamber (Derbyshire, Nottinghamshire, Leicestershire) and part-funded through the European Regional Development Fund (ERDF), the Scheme operates over three stages:

- 1) Registration to the Digital Growth Programme;
- 2) Expression of Interest;
- 3) Full Application.

This document provides further information on how to apply for funding. For more information please contact the **Chamber on 01246 212519** or email leics-digital@emc-dnl.co.uk.

2. ELIGIBILITY CRITERIA

The following sectors cannot be supported through ERDF due to the existence of State Aid and other regimes, or because aid would distort competition:

- Retail/B2C Service Sector
- Financial Services, banking and insurance
- Coal, steel and shipbuilding
- Fishery and Aquaculture
- Agricultural products
- Synthetic fibres sector
- Establishments providing generalised (school age) education
- Local social welfare facilities eg hospitals, nursing homes, day nurseries, child minding facilities, sports facilities, parks
- Coastal protection, soil conservation and infrastructures
- Building and renovation of housing

ERDF-funding is available to businesses that, as a result of support, will develop a 'new to the firm' product. This includes process innovation if the process contributes to the development of the product. A product is new if the business did not produce a product with the same functionality or the production technology is fundamentally different from the technology of already produced products. Products can be tangible or intangible (including services).

ERDF funding cannot be used to displace other public sector funding. Therefore, we expect applicants only to seek ERDF support if they have exhausted all other reasonable avenues of funding. We would also not expect to commit ERDF funds to projects which would happen anyway without ERDF support.

You **must**:

- Have been trading for at least 12 months at the time of application.
- Be located within, or locating to, the administrative areas of Leicester and Leicestershire
- Employ less than 250 full time equivalent (FTE) employees and have either a turnover \leq €50 million or a balance sheet \leq €43 million at the time of full application
- Provide match funding of at least 65% from your own resources
- Have a project valued at least £5,715 (£2,000 grant) and £71,430 (£25,000 grant). Higher project values will also be considered.
- Provide up to date financial accounts for the last two years (if trading for 12 months, please submit one year's accounts) and your most recent management accounts if you have been trading for less than three years.
- Demonstrate how the project will enable your business to introduce a new product or process innovation to market

- Demonstrate how the project will help you to grow
- Be looking to fund a new project. Any purchases initiated prior to a grant award will not be eligible
- Satisfy that the proposals are viable, offer value for money, are realistic and deliverable and have been compliantly procured in accordance with the Annex A – Procurement (page 6).

You **agree** to:

- Give consent to the Chamber to involve your business in publicity press releases, case studies and photographs (subject to commercial sensitivity)
- Take part in the independent evaluation to assess the overall success of the Programme
- Partake in periodically agreed monitoring after the final grant payment

General Eligibility Criteria:

- Grants are available for revenue projects.
- Details of any purchases more than £1,000 per item must be recorded on the Asset Register

If the costs of the proposed project exceed the amount stated in the application, please tell us in order that we can adjust your Award accordingly.
